PROFILE

Passionate Programmer & Computer Engineer Student dedicated to Web Development since 2018 is seeking an opportunity to contribute to projects by implementing concepts, knowledge, and skills thereby adding value for the organization. Curious for new knowledge and experiences that allow him to grow as a person and professional developer. Flexible and adaptable to demands of changing work environments. Team player and independently responsible.

EDUCATION

Programmer Technician | CBTIS No. 116
2016 – 2019

Final Project - Lamano - App to learn sign language with videos and exercises. Winner in the state phase as an innovative prototype in the teaching category.

Computer Engineer | National Polytechnic Institute ESIME Culhuacan
2020 – TODAY

Last Project - LaCarta - Digital menu provider for small and medium-sized restaurants that want to make their dishes known to customers but don't want to deal with the hassle of maintaining a website. Exhibited at the Semiannual Projects Convention.

EXPERIENCE

Front End Developer | Nuvolsoft
SEP, 2020 – NOV, 2020

Work on 2 web projects as a freelance remote programmer in continuous contact with a project manager.

- **YTodoSeguros:** Layout and JavaScript animation based on the design provided by the designer. Made for a business that offers life insurance.
- **Croc:** Design based on aflcio.org and half-made Layout. Made for a job union called Croc.
